## The Financial Coach, Inc. – We Raise Philanthropists

Are your listeners entrepreneurs? Do they stress over money issues? 90% of the population has been taught nothing about handling money effectively, including CPAs and Financial Planners.

Rennie is a TEDx speaker and the author of the award winning, best-selling *Wealth On Any Income*. After two divorces and a business failure he was flat broke at age 50 and started all over from scratch.

After learning what was NOT taught from all his financial education he became a multi-millionaire in just a few years. He has helped thousands of people avoid the financial downward spiral. Vulnerable, blunt, controversial and funny, Rennie is the ideal guest for your program.
